

BASIC PRINCIPLES

Creativity is the natural order of life. Life is energy:
pure creative energy.

There is an underlying, in-dwelling creative force
infusing all of life - including ourselves.

When we open ourselves to our creativity, we open
ourselves to the creator's creativity within us and our
lives.

We are, ourselves, creations. And we, in turn, are
meant to continue creativity by being creative
ourselves.

Creativity is God's gift to us. Using our creativity is
our gift back to God.

The refusal to be creative is self-will and is counter to
our true nature.

When we open ourselves to exploring our creativity,
we open ourselves to God: good orderly direction.

As we open our creative channel to the creator, many
gentle but powerful changes are to be expected.

It is safe to open ourselves up to greater and greater
creativity.

Our creative dreams and yearnings come from a
divine source. As we move toward our dreams, we
move toward our divinity.
